Welcome to Maple

The Manitoba Professional Learning Environment (Maple) is hosted by Manitoba Education and provides a private and secure space for Manitoba educators to access content and to communicate and share ideas. Maple is already a community of more than 13,000 teachers, administrators, clinicians, resource teachers, teacher librarians, and pre-service teachers across Manitoba.

Frequently Asked Questions

Who can join Maple?
Membership to Maple is offered to all Manitoba educators, clinicians and Manitoba Education staff. If you are a Manitoba teacher, please contact your school administrator to get an account created. You can also use the form on our front page to request accounts directly.

What happens after I get my invite?
You’ll receive an email containing a link that you must follow to complete your registration. In this email there will be an invite code to join the Maple network. Once your registration has been completed, you will see a confirmation message on screen. you will then receive an email confirmation, confirming that your email is correct and your registration is complete. Then your account creation is complete and you are free to log in with your email and password that you created!
When you first log into Maple and you go through the onboarding questions, you will come to the Maple dashboard. You will see a scrolling banner at the top that shows different Maple groups.
Creating your user profile

I received my login but still can’t login – who do I contact?
If you have difficulties logging in, please send a message to Maple Support explaining your problem.

Who do I contact for more about Maple?
Please contact the Maple Administration Team with all questions or requests for additional information.

Can Maple be used by parents and students?
Currently, Maple mandate is to help teachers find and organize materials to support instruction. We are working towards tools that will make it easier for teachers to share materials with their students. We will post more information about these updates on maple-teachers.ca. For information about the Manitoba curriculum and what is being taught by grade and subject, please visit the Manitoba Education website.

You’ll receive an email containing a link that you must follow to complete your registration. In this email there will be an invite code to join the Maple network. Once your registration has been completed, you will see a confirmation message on screen. You will then receive an email confirmation, confirming that your email is correct and your registration is complete. Then your account creation is complete and you are free to log in with your email and password that you created!

Sign up in Maple. When you go to the maple website, click on the green “Sign up here” button.
Signing Up

- Double check your email address, as you will get an auto email that asks you to confirm your email address. You will need to follow the link inside this email and confirm your email address. Please use your school or school division email address if possible when signing up.

- The Maple administrator will get an email letting them know that you have requested a Maple account. The Maple administrator will approve your account and you will get another email letting you know that your account request has been approved. At this point, log into Maple and answer the onboarding questions.
Indigenous Education

Search for Indigenous Education group

From now on, you will see the Indigenous Education group listed in your Maple group list on your dashboard. To go to the group, first click on the name of the group in the menu then click on the title of the group (Indigenous Education) in the black bar. Or, you can always just find and click on the Indigenous Education banner from the scrolling banners to get to the group as well.
Join the Group

The group has 333 members a user can interact online and currently has 7 posts.

The group has four Wiki: Language and Culture, Indigenous Perspective, Assessing and Validating Resources, Native Studies (K-12).
Due to COVID-19, a new Maple group was created as a space for finding and sharing resources and ideas to support student learning. You can access and join this group the same way that you do for any Maple group. You can click on it’s banner from your Maple dashboard to get to the group. And then be sure to click the button to join the group on the group homepage. You will find the content for the group in it’s Wiki and Forum.

- You will find ideas, resources and materials provided by Manitoba Education Curriculum consultants to support student learning in the group Wiki.
- You can connect and share your ideas with other Manitoba educators and consultants in the group Forum.
- This group is being updated every day, so please check back regularly.
